Meet Inventor Antonio Meucci & General Giuseppe Garibaldi

Share and discuss Italian history with your lodge!

Emmy-nominated and Award-winning filmmakers Marylou & Jerome Bongiorno have released *HearingVoices* (22-minute fictional film) on DVD.

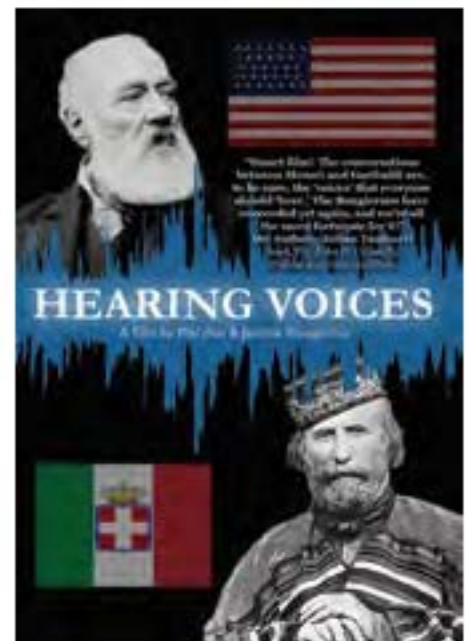

It's the story of inventor Antonio Meucci and General Giuseppe Garibaldi reuniting as ghosts at the home they shared in the 1850s in Staten Island, NY. The two hash out their respective legacies of the invention of the telephone and Italian Unification while debating a bigger question: why do we fight?

HearingVoices was filmed at the very house Meucci and Garibaldi shared (now the Garibaldi-Meucci Museum). It was produced with the support of the Francesco and Mary Giambelli Foundation, Inc., the Garibaldi-Meucci Museum, and the Staten Island Foundation. The film stars Tony Manna as Meucci and Tim Nicolai as Garibaldi.

DVD Bonus Feature: *Italian Unification in a Nutshell* (2018, 7-minute animated documentary)
